ACADEMY OF DENTISTRY

YEAR BOOK 1955-1956

TORONTO

President's Foreword

To all Dentists of the Metropolitan Area:

I commend to your careful perusal our programme for the ensuing season as herein outlined. The Council of the Academy has expended much time and thought in order that you may benefit educationally, fraternally and economically.

The amount of success attained will be measured by the support you give to YOUR Academy. Interest and enthusiasm with increasing membership year by year becomes proportionately augmented, but there are still large numbers who do not associate themselves with this or any other society. Legitimate reasons for non-membership must be recognized, but many, in confining their dental activities to their offices only, miss much satisfaction and value in life. They miss out on the opportunity of acquiring new methods which tend to supplant old ideas, fatiguing and time-consuming techniques. We all gain by sharing and can always improve.

The Fellowship Committee will assuredly see to it that you will be welcomed. There is no need for loneliness. Our members are friendly. Cliques are discouraged. Attend regularly, fraternize freely, and there will be no regrets about wasted time. Surely we should be all in agreement that there ought to be no side-tracking of our opportunities that must result in improved professional service.

To all regular members I would say that the present high status of this largest voluntary dental organization in Canada is due to your efforts and support. You are represented by a splendid group of gentlemen on your Council, and I appreciate the honor and privilege with which I am entrusted in my capacity as President, of working with them.

J. BEVAN KING.

Guest Speaker: A. B. B. Moore, D.D., LL.D.
President and Vice-Chancellor of Victoria University, Toronto

---

Dr. Moore was born in Keswick Ridge, New Brunswick, the son of a Congregational minister; graduate of McGill University and The United Theological College, Montreal; spent a year at Oxford University on a travelling scholarship. He has served Churches in both Eastern and Western Canada and for three years was minister of College Hill Church in Easton, Pennsylvania.

In 1946 he was appointed Principal of St. Andrew's Theological College, Saskatoon; elected President of the Saskatchewan Conference of the United Church of Canada 1949-50, and in 1950 was appointed President and Vice-Chancellor of Victoria University, Toronto.

In 1947 his Alma Mater honoured him by conferring upon him the D.D. Degree; in 1952 he received the LL.D. Degree from the University of Saskatchewan and in the fall of that same year he received the D.D. Degree from Trinity College, Toronto, at the Convocation celebrating the Centenary of that College.

Luncheon Speaker:

REV. JOHN SHORT, M.A., PH.D., D.D.

Toronto, Ontario

Dr. Short was born in Berwickshire, Scotland, and began his training for the ministry previous to World War I, during which he spent three years and eight months in France with the Field Ambulance Service.

In 1919, he entered the University of Edinburgh and graduated in 1924 with first class honours in philosophy, M.A. Degree. He was medallist in Metaphysics, Ethics and Education, and 1st prizeman in Psychology. He was awarded the John Edward Baxter Scholarship in Philosophy and submitted a thesis on "The Philosophic Character of English Fourteenth Century Mysticism" for which he obtained the degree Doctor of Philosophy. (Edin.)

Dr. Short has been prominent in the Congregational Church and was elected Chairman of the Congregational Union of England and Wales 1949-50.

In 1951 he was called to Toronto from Richmond Hill Church, Bournemouth, to succeed the Very Reverend Dr. Willard Brewing, St. George's United Church.

During the second World War, he was in Gibraltar as guest of the Y.M.C.A. and Officiating Chaplain to the forces, including Canadian and American air men. He has travelled all over Europe, including Greece and Palestine.

Dr. Short has published three books of sermons — "Can I Find Faith"; "All Things Are Yours"; and "Triumphant Believing".

With such a background of education and experiences, we can anticipate a brilliant and inspirational address.

OF INTEREST TO TORONTO DENTISTS

Through the efforts of the Council of the Academy of Dentistry, a very worth while service has been made available to the dental profession in the vicinity of the City of Toronto.

The "Dental Nurses and Assistants Registry" sponsored by the Academy of Dentistry, Toronto has been instituted to aid the dentist in securing such personnel, with a minimum delay, expense and inconvenience.

In 1952 an Academy Committee investigated the possibilities of forming such a registry. Ideas and suggestions were garnered through numerous meetings with Dental Nurses and Assistants groups, registered nurses, practical nurses and their registries. A plan evolved whereby a registry under the control of the Academy of Dentistry, would provide a service of contact between dentists and possible assistants, and the applicants would be classified as to qualifications, experience and type of employment desired — (permanent, part time, temporary, etc.)

In 1953-54 the registry operated on a trial basis through the facilities of Dr. J. G. Chalmer's office. It soon became apparent that from the demands on it, a more permanent basis was required. This was done and in January 1955, Mr. I. M. Hannah, a multiple sclerosis victim, previously associated with a dental distributing firm, assumed the responsibility of operating this registry under terms of agreement with the Academy of Dentistry, Toronto.

While the Academy is sponsoring this registry, it receives no financial return from it. Its operation to date is more than satisfactory. The quality of service being rendered to members of our profession here at a moderate cost is remarkable and the many expressions of appreciation from both dentists and nurses are most gratifying.

The Academy is happy to have instituted such a worth while venture.

FIRST STATED MEETING

OSLER HALL 8.15 P.M.

THURSDAY, JANUARY 19, 1956

Essayist: Charles B. Murto, D.D.S., F.A.C.D.

Subject: "Modern Bridge Retainers"

The clinician will discuss the selection, construction and use of the various bridge retainers available to the profession today. A thorough presentation of the latest methods for the preparation and fabrication of these retainers with particular emphasis on the full coverage of abutments, and acrylic-gold veneer crowns will be discussed in detail. Illustrated with 2 by 2 Kodachrome slides.

Dr. Murto is Director of Clinics, Professor of Crown and Bridge and Operative Dentistry, School of Dentistry, Georgetown University, Washington, D.C.

He graduated from Georgetown University in 1932, appointed to the Faculty of the School of Dentistry in 1935 as Instructor in Dental Anatomy; has held various positions on the Faculty and in 1950 was appointed Director of Clinics.

He is a Fellow of the American College of Dentists; member of the District of Columbia Dental Society, American Dental Association, Omicron Kappa Upsilon Honorary Dental Society, Pierre Fauchard Academy, and Georgetown Dental Clinical Society.

As a lecturer and clinician he has appeared before a great many dental groups both in the United States and Canada, and we can be assured of a practical and splendid review of his subject.

THE PRESIDENT'S MESSAGE TO THE ACADEMY

It is indeed an honor and pleasure, to bring greetings to the Academy of Dentistry from the Canadian Dental Association.

Many dentists of Canada appreciate what a splendid effort this academy yearly manifests, particularly in the scientific field, and in so doing, must in a decided manner influence a beneficial trend in all phases of dentistry.

I have been wondering how the results of these fine efforts could be more effectively carried to the "Public". Is it not true that there has been amazing advances made in dentistry in the last fifty years, of which the public has all too little knowledge? Why is it that the profession of dentistry is not held higher in "Public Esteem"? Perhaps our profession is a victim of circumstances, that owing to a pronounced shortage of personnel and an ever increasing demand for services, poor public opinion is formed. But, is not public opinion formed as a result of individual efforts, that in time produces legislative action, favorable or otherwise?

Perhaps your Academy has developed this phase adequately, if so, other similar bodies would be well advised to follow a pattern best suited to their local needs, throughout all Canada.

On behalf of the Canadian Dental Association, we extend our best wishes for your continued success.

R. R. McINTYRE.

SECOND STATED MEETING

OSLER HALL 8.15 P.M.

THURSDAY, FEBRUARY 16, 1956

Essayist: James R. Hayward, D.D.S., M.S.

Subject: "Avoiding Complications in Routine Oral Surgery"

In this presentation there will be a broad coverage of the whole field of oral surgery, with views expressed both on basic principles and on technical details that should be very helpful to general practitioners for their interests in the oral surgery aspects of their practices. There will be a question and answer period and you are urged to come prepared with your problems in order that others may benefit by the situations that have presented in your own offices. Your difficulties discussed may help others.

Dr. Hayward graduated from the University of Michigan School of Dentistry in June, 1944. He received his Master's Degree in Oral Surgery in 1946 and completed the three year graduate training program in oral surgery with internship and residency at University Hospital. He is a member of the American Society of Oral Surgeons and a diplomate of the American Board of Oral Surgery. He is the author of many publications in Dental magazines and active in many organizations and fraternities.

As president of the Ontario Dental Association I welcome this opportunity to extend greetings of our Association to the Toronto Academy of Dentistry. We of the O.D.A. have always appreciated the close harmony that exists between our two Associations. We realize what a large part the Academy is playing in not only raising the standard of Dentistry in Toronto but creating a feeling of good fellowship throughout the profession as a whole. We wish you every success in your programme for the coming year.

Yours truly,

H. R. BATEMAN.

FROM LABORATORY TO PRACTITIONER

1. *Essayist:* Gordon Nikiforuk, D.D.S., M.S. (Ill.)

   Subject: "The Vipeholm Study" (from Sweden)

   The principles underlying cariogenicity of diets and the relative cariogenicity of different foods is the subject of this presentation. The Vipeholm experiment is the most important single study dealing with this phase of Dentistry.

2. *Essayist:* J. B. McDonald, D.D.S., Ph.D.

   Subject: "Recent Findings in the Etiology of Periodontal Disease"

   Significant findings dealing with this important subject have been made during the past few years. Available knowledge concerning the composition of periodontal tissues, and the biochemical determinants of bacterial infections, though incomplete, permit a more lucid evaluation of the pathogenesis of periodontal disease.

3. *Essayist:* D. H. Jenkins, D.D.S., M.Sc.D., in collaboration with Drs. A. Posen, D. Woodside and R. Fisk, Jr.

   Subject: "Current Advances in Orthodontics"

   There is increasing emphasis being placed on orthodontics as an integral part of dental practice. Recent findings from research and the major clinical trends in this field will be presented in this essay.

This year the Dental Alumni is initiating a clinic day at the Faculty of Dentistry. It is to be called "The Dental Alumni Homecoming Programme." This day of clinics is included in the three dollar membership fee. The date is Friday, October 14th and coincides with the University of Toronto Homecoming Weekend October 14th - 16th. Three outstanding clinicians, Dr. H. Worth, Radiology, Dr. J. H. Johnson, Surgery and Dr. C. H. Williams, Periodontics, will lecture. The Annual Meeting, Dinner and Dance will take place at the Royal York Hotel Roof Garden in the evening. Open House on Sunday, October 16th, 3 - 5 p.m. at the Faculty of Dentistry.

In order to keep up our objectives of student bursaries, vocational guidance and student activity support, more members are needed. Join now and make the Dental Alumni Homecoming Day an annual event.

ALPHA OMEGA LECTURESHIP

Tuesday, January 24th, 1956 **New Mount Sinai Hospital**

Speaker: Lewis Fox, D.D.S., F.A.C.D.
Ass't Clinical Professor of Dentistry,
Columbia University, School of Dental and Oral Surgery.

Subject: "Operative Dentistry in the treatment and prevention of Periodontal Disease"
Cavity preparation, mechanical aids to operative dentistry, use of high speed.

THE REPORT OF "THE TELEPHONE EXTENSION COURSE" OF 1954-55

The University of Illinois graduate telephone extension course on "Current Advances in Dentistry" was a great success in Toronto, last year.

The five monthly lectures were regularly attended by over fifty dentists and twenty senior students. Stimulating discussions, which were led by local specialists, added much interest to each meeting.

This years' course was the best yet, mainly because the illustrations were synchronously projected in film strip form.

The course for 1955-56 will consist of recordings of the live programmes, supplemented by the film strips. These are available collectively or individually to dental groups throughout the world at a very reasonable price.

The Toronto Alpha Omega Alumni, were again this year, the sponsors of the course.

REPORT OF THE SECRETARY, 1954 - 1955

With a membership of approximately five hundred, the Academy had a very successful year under the excellent leadership of our President, Dr. W. James Smith.

Your Executive Council had regular meetings to handle the routine and special affairs of the Academy. The past president's badge was replaced by a very neat past president's pin and one of these was given to each past president. A donation of two hundred dollars was forwarded on your behalf to the Hurricane Relief Fund.

The Annual Dinner was held at the Royal York Hotel, the speaker being The Honorable W. J. Dunlop, Minister of Education, who gave us an outline of the educational needs of our province.

The Winter Clinic convened by our President-Elect, Dr. J. Bevan King had a record attendance and a very fine scientific programme of group and table clinics was presented. A very interesting occasion was the appearance of Dr. Russ Williams of the class of 2T3 as our luncheon speaker.

Our three stated meetings in Osler Hall were well attended. Essayists were Dr. Andre Robert of Montreal, Dr. S. Charles Brecker of New York and a panel of our own members, Dr. J. M. Sheldon, Dr. G. Cameron Adams and Dr. F. T. Pearson.

The Dental Nurses and Assistants Registry had outgrown the private office of Dr. J. G. Chalmers and has been placed under the direction of Mr. Ian M. Hannah.

The support your Academy has given to the Fluoridation of communal water supplies of greater Toronto has caused our president Dr. Smith a great deal of extra work. Briefs in favour of this project were presented before the Board of Control, Toronto and before the Works Committee of Metropolitan Council.

The Academy of Dentistry Award to the Faculty of Dentistry was won by Dr. Flavio Aldo Pollon.

AUDITORS' REPORT

The Academy of Dentistry,

Toronto, Ontario.

Gentlemen:

We have prepared the attached balance sheet of the Academy of Dentistry as at 30th April, 1955, together with a revenue and expenditure account. Subject to the following report, we hereby certify that, in our opinion, the attached balance sheet is properly drawn up so as to exhibit a true and correct view of the state of the Academy's affairs at that date, according to the explanations and information given us and is as shown by the books.

We report upon the various balance sheet items in their order as follows:

ASSETS

Cash in banks $1,295.94

Your bankers have confirmed the bank balance to us by certificate.

Dominion of Canada Bonds $6,548.27

Details are shown on the face of the balance sheet. We have verified the interest revenue due from these bonds. We have examined the bonds comprising the above total.

LIABILITIES

Accounts Payable ..... Nil

Your Treasurer, Dr. R. W. Marshall, has certified that all known liabilities to 30 April, 1955, have been paid and that there were, at that date, no guarantee or contingent liabilities outstanding.

PROFIT AND LOSS

Details are shown on Schedule "A".

A comparison of the total revenue and expenses for the current year with the preceding one is as follows:

	For the Year Ended 30 April, 1955	30th April, 1954
Total Revenue	$5,905.31	$5,870.56
Less Total Expenses	6,076.37	5,167.80
Surplus or Deficit for the Year	($ 171.06)	$ 702.76

As we were unable to make a complete verification of all the sources of revenue, we are, accordingly, able to certify to the correctness of the revenue account only to the extent that it is in agreement with the books and information given us.

We are

Yours faithfully,

TESKEY, PETRIE & BURNSIDE
Chartered Accountants.
